

MOVING CHARLOTTE FORWARD

Blue Line Extension: Northeast Corridor

Charlotte Department of Transportation **Road Closure Notice**

36th Street

Communicated: June 6, 2014

Closure dates: June 16, 2014 to Fall 2016

To accommodate construction for the [LYNX Blue Line Extension](#), 36th Street will close between Davidson Street and North Tryon Street Monday, June 16, 2014 at 9 a.m. for approximately two years. During the duration of this closure, motorists can use the detour route of Davidson Street, Jordan Place, Matheson Avenue and North Tryon Street (shown in blue below).

Local access will be maintained to businesses and parking facilities.

CATS will be affected.

Weather and unforeseen circumstances occasionally prevent work from being completed as scheduled, and make it unsafe to reopen lanes or streets when planned. When this occurs, City traffic engineers work directly with other City staff and contractors to resolve the situation as quickly as possible and reduce impacts to the traveling public.

Pedestrians walking near work zone areas should be alert, cautious and allow extra traveling time. It is advised they cross at signalized intersections, use pedestrian walk signals where available and abide by detour signage.

Motorists traveling through work zone areas should be alert and extra cautious. Drivers should get in the correct lane well in advance and constantly be on the lookout for vehicles merging into adjacent travel lanes as they approach a work zone. Drivers should double their following distance.
